

LS-07-150

15-Person Portable FM System (150 MHz)

Configurations

LS-07-150

The LS-07-150 15-Person Tour Group System is great for organizations that wish to ensure their visitors understand every word. This system is ideal for indoor or outdoor tours of any venue and language interpretation as well. The 15-Person System includes a Portable Transmitter and microphone, display receivers with ear speakers, batteries and a carrying case. Also be sure to consider whether a hand held or noise canceling microphone might be appropriate for your application. You can add any number of receivers to a single transmitter if you need to accommodate more guests. This system is a good size for rentals. Use this system for auditory assistance and language interpretation on tours or in other venues. Great for manufacturers, museums, governments, houses of worship, tour companies, zoos, and board rooms.

Highlights

- Ideal for conducting simultaneous tours both indoors and outdoors and for offering language interpretation.
- Superior audio quality – 80 dB with signal-to-noise ratio (SNR), setting the industry's sound quality standard.
- Minimal interruptions to others not on the tour.
- Easy to use and manage inventory.
- A choice between 32 channels.
- Look & Listen™ LCD shows channel, battery status, and programming information.
- 100 % Digital – Listen receivers are digitally-tuned so the transmission won't drift.

Accessories*

LA-311 16-Unit Portable FM Product Charging/Carrying Case

Store and charge up to 16 portable FM units in this hard sided, locking case. Features easy, drop-in automatic charging. Use to charge units with NiMH batteries.

LA-165 Stereo Headphones

Excellent sound quality and does not contact the ear canal. Ear cushions fold flat for convenient storage. Replacement ear cushions available. (LA-167)

LA-170 Behind-the-Head Stereo Headphones

Behind-the-head design allows usage with hardhats and doesn't mess up hair. Good sound quality. Replacement ear cushions available. (LA-167)

LA-362 Rechargeable AA NiMH Batteries (2)

Longer life than NiCAD without the "memory effect". Required for use in charging cases. Package of 2 batteries.
